Boiler Usage Guide

This guide explains how to use the floor heating system (Ondol) and hot water in Korea.

Floor Heating

Turn on the power

Press the [Power] button on the right.

Select heating mode

Press [Heating / Floor Heating] on the left side of the center button.

Set the temperature

When the number on the left side of the screen is **blinking**, use the [Up / Down] buttons to adjust the temperature.

Recommended temperature

The recommended temperature is 20–23°C.
If you feel cold easily, you may set it 1–2°C higher.

Note

Floor heating may take 30 minutes to 1 hour to warm up.

Tip

Energy Saving
Freeze Prevention

When leaving the room, **do not turn off the boiler completely**. Instead, press the [Away] button.

This keeps the room temperature stable, so the room will warm up faster when you return and helps save energy.

Hot Water (Shower / Sink)

Check the power

Make sure the **boiler power is ON**.

Select hot water mode

Press [Hot Water] on the right side of the center button.

Adjust the level

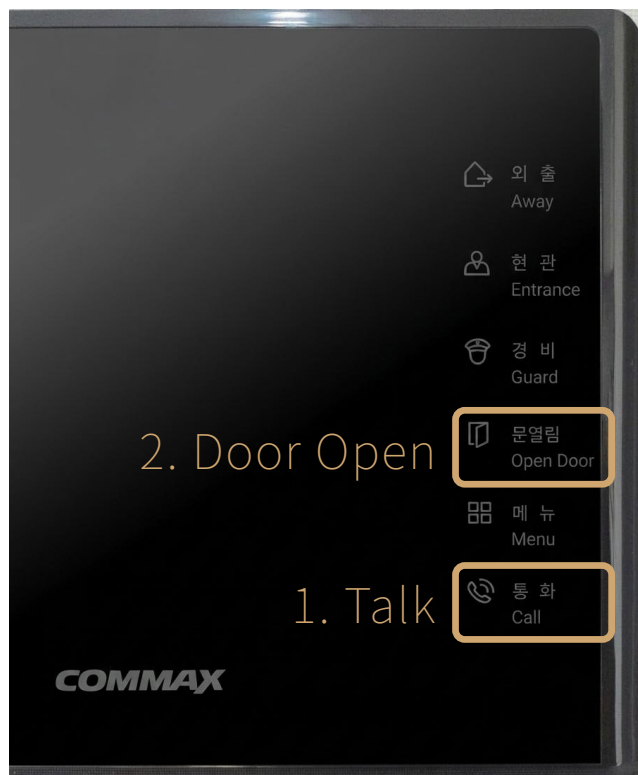

When the number on the right side of the screen is **blinking**, use the [Up / Down] buttons to adjust the level.

Hot water can be adjusted from Level 1 to Level 3. A higher number means hotter water.

Intercom Guide

This is a guide on how to use the intercom for visitor arrivals and deliveries.

When a call comes from the main entrance (1st floor),

1. [Talk] button → Connects you with the visitor.
2. [Door Open] button → Opens the main entrance door on the 1st floor.

When a call comes from the door of Room 802,

The intercom cannot open the door of Room 802. The intercom can only be used for communication.

When the visitor arrives at the door, please open the door in person.

💡 Tips

To communicate with the visitor, please press the [Talk] button first.

Waste Disposal Guide

During your stay, please dispose of trash according to the following instructions.

General Waste & Food Waste

- Yellow bag: Food waste
- Blue bag: General waste

Please separate the waste and place it in the appropriate bags.

Recyclable Waste

(Plastic, paper, cans, etc.)

After emptying the contents, please separate them by type and place them in the recycling bin on the terrace.

Outdoor Disposal

If you prefer to dispose of the waste outside during your stay, please use the "Recycling Waste Area" located in the parking lot on the 1st floor.

- Food waste: Inside the bin with the orange lid under the parking lot
- General waste: Next to the recycling waste area

Air Conditioner Guide

Casa
Golden

For a comfortable and cool stay, please follow the air conditioner instructions below. The living room and bedroom use different remote controls, so please refer to the images carefully.

Living Room Air Conditioner

Bedroom Air Conditioner

Power On

Press the **Power** button on the remote control.

Select Mode

Press the **Mode** button(모드) until **Cool Mode** (냉방 ❄️) is selected. Auto mode(자동) is the easiest and most convenient setting.

Set the Temperature

Use the ▲ / ▼ buttons to set your desired temperature. (온도)

🌿 **Small Courtesy, Big Comfort: Please keep the windows closed.**

If the windows are open while the air conditioner is running, the cool air will simply wander away.

👋 **Going Out or Checking Out? Turn It OFF!**

Please give the air conditioner a little break for the next guest.
